HIGHLIGHTS, PRODUCT NEWS AND INSPIRATION

94-115 WARNING LIGHTS

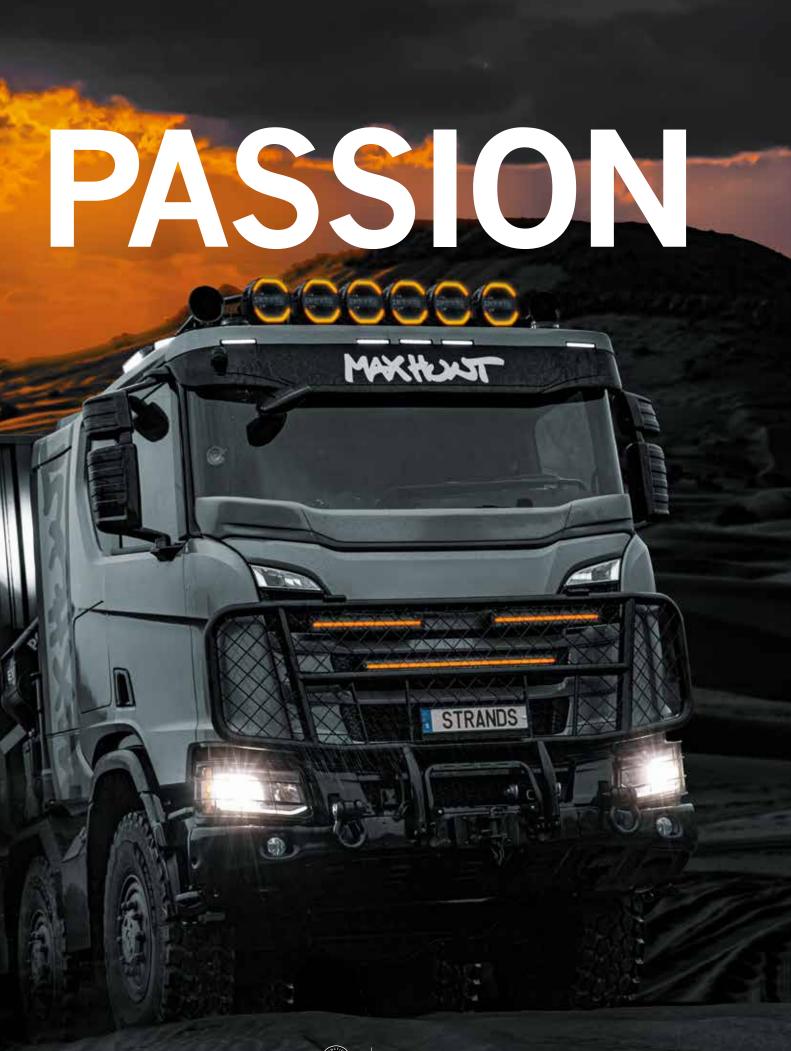

Strands Lighting Division is Europe's fastest-growing brand in the industry and offers the latest innovative vehicle lighting. **We live by the three words – feel the passion**. Our vision is to make you feel our passion, and we want you to experience it – regardless of whether you are in contact with our first-class customer service, open a package or mount a new innovative product.

We will give you a driving experience out of the ordinary – no matter your needs. We want you to work safely with total capacity regardless of environment or time of the day. We always work with our origin in the development process. With the harsh Scandinavian road conditions, extreme temperatures, salted roads, sudden temperature changes, and other challenges in mind.

We want to provide you with lighting that doesn't compromise in any area. With function, performance, and design in everything we do. Many years of experience and close cooperation with professionals make this possible. We want and dare to go first with a constant passion for changing the market, and we have already begun.

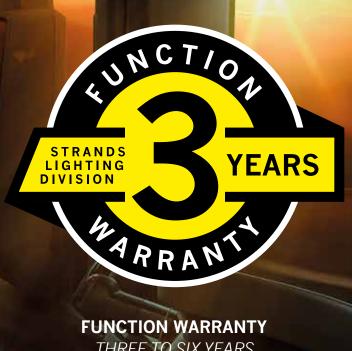

WE OFFER PEACE OF MIND

Except for design, quality, and performance, we give you safety. We offer a unique function warranty – from three to six years. This includes all products from Strands Lighting Division's range, which makes the warranty unique on the market. The warranty covers faults related to the manufacturing process, material, or assembly. With our function warranty, we want to improve the service, increase customer satisfaction, and emphasize our brand's quality. Ready to further strengthen our position on the market.

FUNCTION WARRANTY THREE TO SIX YEARS

PAGE 8-39

DRIVING LIGHTS

If you once experienced powerful driving lights with optimal visibility, you will never go back to basic. Strands Lighting Division develops and manufactures driving lights that help you relax and enjoy driving during the darkest hours. Design, performance, and quality surpass even the highest expectations. No matter which one of the driving lights you choose, you are guaranteed at least a three-years function warranty.

LED BARS

A row of light with lots of possibilities. LED bars are ideal for enhancing your safety and the appearance of your vehicle. Mount it on the roof, under or above the license plate, or behind the grill. The modern and discreet design is outstanding for the overall impression. Especially when the lights are on. Choose between curved or straight shapes. The linear alignment spreads the light over a wide area, providing effective visibility over significant distances.

CONTROL THE CRUISE LIGHT ROOF BAR FUNCTIONS
 CONTROL ALL TYPES OF VEHICLE LIGHTING
 WIRELESS CONTROL

WIRELESS CONTROL

Use the controller wirelessly with batteries (4x AAA, not included). This makes it easier if you work around or near the vehicle and need to change the beam patterns from outside. You can also place it somewhere in your cabin or connect the controller to the included USB cable.

CONTROL ALL TYPES OF VEHICLE LIGHTING

The controller fits all vehicles and can control all kinds of vehicle lighting. It's all possible because of the included relay box and the four output channels with 100 W (10A) each.

CRUISE LIGHT CONTROLLER

The relay box can withstand harsh environments, is waterproof, IP-rated according to IP67, and the rubber gaskets protect the cables.

Part No. 850208 CRUISE LIGHT WIRELESS CONTROLLER

Use the QR code to check out the product.

Voltage: 10-35 V DC, Channels: 6 total 700W, Length: 162 mm (Relay box) 208 mm, Depth: 20 mm (Relay box) 32,5 mm, Height: 81 mm (Relay box) 105 mm, IP-class: IP67 (relay box) EMC-certificate: ECE R10

COMPACT DESIGN

The compact design offers a variety of mounting possibilities in small spaces and positions around the vehicle and hidden for a cleaner overall impression.

THE RIGHT VIEW

Unlike traditional lamps, Siberia RV gives you more than just a wide light spread. The reflectors provide the perfect combination of length and width, the right kind of view, which increases the opportunities and numbers of suitable applications and situations. At the handlebars of a quad, on the stairs of a truck or as a reverse light – you decide.

CRUISE LIGHT ROOF BAR

COVERS ALL NEEDS

The warning light bars contain 8 sizes from 30 cm to 180 cm. Usable together or separately.

SLIM DESIGN

The series comes in a super slim design and a height of only 36 mm and a width of 120 mm. Made to fit all types of commercial vehicles.

CRUISE LIGHT EFFECT

Increase your visibility and get an appealing styling effect with 13 different warning light patterns where Cruise Light is one of them.

Part No. 850214-850221

Use the QR code to check out the product.

COVERS ALL NEEDS

The beacon warning lights contain 11 different models in three colors: dark tinted, amber, and clear lens. The series is unique in its area of usage and can be used together or separately on all types of commercial vehicles.

FULLY E-APPROVED

All of the lights are fully E-approved according to ECE R65.

ON/OFF

Constant of the

MONITUM

Use the QR code to check out the product.

Unlike traditional alternatives on the market, Monitum comes with a height of only 33,5 mm, which will give you less wind noise and reduce fuel consumption.

FULLY E-APPROVED

The entire series is fully E-approved according to ECE R65 class 2, which means the warning light bar can be switched from day to night mode.

POSITION LIGHT

Comes with eleven different warning light patterns. The Cruise Light feature – the position light – provides an appealing styling effect and increases your visibility on the roads.

✓ 5 METER CABLE
✓ 4 DIFFERENT MODELS
✓ E-APPROVED

Part No. 810134-5 KZ SIDE MARKER/INDICATOR LED

Voltage: 12-24 V, PCS of LED's: 8, IP-class: IP66/IP68, Color lens: Amber, Color LED: White, Cable length: 5000 mm, length: 111 mm, Depth: 22 mm, Height: 51 mm, CC: 90 mm, E-approved: ECE R3, R6, R91, EMC-certificate: ECE R10

Part No. 820132 KZ POSITION LIGHT "ONE LINE" LED

Voltage: 12-24 V, PCS of LED's: 5, IP-class: IP66/IP68, Color lens: Clear, Color LED: White, Cable length: 5000 mm, length: 111 mm, Depth: 22 mm, Height: 51 mm, Height including bracket: 76 mm, CC: 90/50/30 mm, E-approved: ECE R3, R7, EMC-certificate: ECE R10

Part No. 820131 KZ POSITION LIGHT "ONE LINE" LED

Voltage: 12-24 V, PCS of LED's: 5, IP-class: IP66/IP68, Color lens: Red, Color LED: White, Cable length: 5000 mm, length: 111 mm, Depth: 22 mm, Height: 51 mm, Height including bracket: 76 mm, CC: 90/50/30 mm, E-approved: ECE R3, R7, EMC-certificate: ECE R10

Part No. 820130 KZ SIDE MARKER ''ONE LINE'' LED

Voltage: 12-24 V, PCS of LED's: 5, IP-class: IP66/IP68, Color lens: Amber, Color LED: White, Cable length: 5000 mm, length: 111 mm, Depth: 22 mm, Height: 51 mm, Height including bracket: 76 mm, CC: 90/50/30 mm, E-approved: ECE R3, R91, EMC-certificate: ECE R10

Part No. 800293 POSITION LIGHT LED

Part No. 800295 SIDE MARKER LED

Part No. 800191 POSITION LIGHT EYEBALL LED

PART NO.	800293	800295	800191
VOLTAGE	12-24V DC	12-24V DC	12-24V DC
FUNCTIONS	Position light	Side marker	Position light
PCS OF LEDS	1	1	2
